Senator Lisa Brown
3rd Legislative District

2005 Government Guide

Dear Neighbor,

Spokane residents are active, informed community members. Your commitment to suggesting ideas, asking questions and seeking answers contributes to good government. I'm impressed at the frequency with which people contact my office and I'm a better legislator for it.

To help you access community information easily, we have once again updated this Spokane-area Guide to Government. Inside is a directory of contact names, phone numbers and e-mail addresses for offices at the federal, state and local levels. I think you'll find it useful. We've also included commonly used community services and tried to organize them in a way that makes the guide as easy to use as possible.

While this directory is quite comprehensive, we couldn't possibly include every government office. My apologies to any group or official we may have left off because of space considerations.

After Democrats won back the majority in the Senate this fall, my colleagues chose me to be the Senate Majority Leader. While we are more than halfway done with session, we still face plenty of serious issues, including how to plug a \$1.5 billion hole in the budget.

There is a detachable postcard on the back panel of this directory for you to use to send me any questions, comments or concerns you have. Please be sure to include a way for me to get back in touch with you if you want a response.

I look forward to hearing from you. My number in Olympia during the legislative session is **(360) 786-7604**. You can also use the toll-free Legislative Hot Line to reach me at **(800) 562-6000**. Stay informed, and stay involved. We're all the better for it.

Sincerely,

Lisa Brown

3rd Legislative District, Spokane

Senator
Lisa Brown

P.S. Please note that my district office is open in Spokane during each interim. You can reach me or my local assistant, Neil Beaver, there when the Legislature is not in session.

There is no charge for this service.

Dealing with internet “spam” or junk e-mail

Unsolicited e-mail, sometimes referred to as “spam,” is electronic mail which is unsolicited and sent for the purpose of selling the recipient goods, services or properties. You can access more information on this topic by visiting: http://www.dmaconsumers.org/consumers/optoutform_emps.shtml

Truth in phone bills

If you believe you are a victim of deceptive telephone advertising, you can call the Washington Utilities & Transportation Commission Customer Hotline at (800) 562-6150 or the Attorney General’s Consumer Protection Hotline at (800) 551-4636.

Low-Income and Emergency Energy Assistance

During this time of rising energy rates and limited supply, many people are going to be faced with higher energy bills. But there is some help available.

If you are having a problem paying your bill, contact the utility first. Many times, the utility can make payment arrangements and help the customer find other sources of bill assistance.

Or you can contact the Spokane Neighborhood Action Programs about the availability of LIHEAP (Low Income Heating Assistance Program) funds at (509) 456-7111.

Since almost all natural gas is provided by regulated companies, gas customers who have problems working out a solution with their utility can use the consumer mediation services of the Utilities and Transportation Commission at 1-800-562-6150.

Where to go for more consumer information

The state Attorney General’s Office has a wealth of consumer protection information relating to communications, credit and debt, retail services, travel tours and many other categories on its website.
